

Family 42 Show

Everyone brings something. Everyone belongs.

The Family 42 Show gives every Cub Scout in Pack 42 a supportive, low-pressure way to share something they love, and a little of who they are, with the whole pack. Scouts can do a short act, solo, with their den, or as a family, and every Scout decorates a fabric square about themselves. The squares are put together to create the Family 42 quilt, so the Pack's belonging becomes something it can see and keep. There are no auditions or judging, and we win together.

It's Scouting we can see. The uniform shows that a Scout is part of a team. The Family 42 Show lets the team see the person in it, what each Scout loves and does well, and that is how a Pack becomes a family. Families curious about Scouting get a warm first look, with no pitch from the stage.
